DESIGN & WORK EXPERIENCE

User Experience Designer for Virtual Reality 01/2022 - 08/2022

Vancouver, Master of industry project client: Justice Institute of British Columbia, Centre for Digital Media

Design for the user interface and user experience in Justice Institute of British Columbia (JIBC) training recruit's virtual reality simulator.

Communicated and cooperated with the Unity programmer to implement user interface and decision-making user experience into the product. User research, user flow, communication with the clients for the update, conduct user tests with Police Recruits, Police instructors, etc. Led the user testing, prepared questionnaires, and conducted interviews. Refined the user testing results into reports, highlighting suggestion for next steps. Provided research reports for clients with proposed ideal scenario and visual styles. The clients will be adopting our final product for use in training at the police academy.

Instructional Assistant 01/2022 - 04/2022

Vancouver, Centre for Digital Media

Agile Leadership and Management course with Dr. Rachel Ralph. Course coordination: Prepared course material and reminders for upcoming assignments. Hosted guest speakers. Performed troubleshooting and answered student questions. Recorded class attendance and participation.
